Hi Eric - here are the details

May 28th - 1pm - 2:30pm - Fate and Transport. Teleconference; however, I do have 1903 at Schwabe on the books until 4pm that day, so if you want to meet in person you are welcome to come by Schwabe. Carl and other LWG tech folks will be on the phone; I can't say for sure where LWG MT will be.

May 29th - 9am - 12pm - Background methods - working session. Schwabe 1903

June 4th - 1pm - 4pm - PRG kick off. Schwabe 1903

June 5th - 9am - 12pm - Stormwater methods roll-out. Schwabe 1903

June 11th - time TBD (if the morning is better for you, I can talk with MT about swapping our Exec meeting or something) - some sort of follow-up (I'm sure there are many issues Keith could pick for this meeting). Schwabe 1903

Thanks Eric!
valerie

Valerie, one more thing about the meetings - do we have locations specified? Is tomorrow's meeting strictly a telecon? Can you summarize the meeting specifics for me. Here is what I have:

May 28th - afternoon - Fate and Transport. Telecon only? Meeting location? I assume the time is 1:00 pm.
May 29th - morning - Background methods - working session. Location? I assume the time is 9:00 am.
June 4th - afternoon - PRG kick off - 1:00 pm. Location?
June 5th - morning - Stormwater methods roll-out - 9:00 am. Location?
June 11th - time TBD - some sort of follow-up. Location?

Thanks, Eric

RE: scheduling meetings

Hi Eric -

Could you let me know if you would be available for a meeting on June 11? I think you're going on vacation on the 12th, and Keith wanted to know when was the last time we could meet with you before you leave.

Also, have you confirmed Kristine for the stormwater meeting on June 5? Bob reminded me today that there is a sediment conference on June 5 in Seattle - I don't think this will be an issue for any LWG folks, but just thought I would mention it.

thanks
valerie

I think a 9:00 am start would be fine.

Eric

Hi Eric - One question...for the meeting on the 5th, what time would you all prefer? I was thinking about a 9am start, but please let me know if this doesn't work well for your team.

thanks!
valerie

Valerie, the dates below work for us. Regarding the June 4th and 5th dates, we would like to discuss PRGs on the 4th beginning at 1:00 pm. Regarding the stormwater meeting, I am still waiting for Kristine Koch to confirm that this date will work for her. It seems to work for other team members so let's go ahead and book it.

Thanks, Eric

scheduling meetings

Chip, Eric -

Can you please let me know if your team is available next week for the following meetings:

Weds. May 28, 1pm = Fate and Transport Telecon.
Thurs. May 29, 9am = Background methods

I would also like to try and schedule meetings with EPA on PRGs and Stormwater Loading Methods for June 4 and 5. At this time, LWG has no preference for which topic is covered on which day. If it looks like the right people aren't available either of those days, it would be great if you could provide me with some idea of availability over the next couple weeks for the appropriate people for each topic.

thanks!
valerie
